Biocon chief is EY entrepreneur for 2019

BENGALURU

London-headquartered professional services giant Ernst & Young (EY) honoured Biocon chief Kiran Mazumdar Shaw as the entrepreneur of the year 2019 from India, Biocon said on Friday. "I am honoured to receive the EY Entrepreneur of the Year Award. Entrepreneurship is one of the most economically empowering pursuits, which allows you to follow your own path to solving some of the society's toughest challenges," said Shaw in a statement.

Shaw will receive the award at the EY World Entrepreneur of the Year Awards ceremony at Monte Carlo, scheduled from June 4 to 6. The EY award recognises entrepreneurs who created successful enterprises with a passion to excel as "Builders of a better India", it said. IANS
