Biocon Biologics Healthcare Malaysia Sdn. Bhd.

(Formerly known as Biocon Healthcare Sdn. Bhd.)

(Incorporated in Malaysia)

Directors' Report

for the year ended 31st March 2021

The Directors hereby submit their report and the audited financial statements of the Company for the financial year ended 31 March 2021.

Change of Company Name

The Company changed its name from Biocon Healthcare Sdn. Bhd to Biocon Biologics Healthcare Malaysia Sdn. Bhd. on 18 June 2020.

Principal Activity

The Company is principally engaged in the business of trading in medical equipment and accessories. However, during the financial year the company did not earn but certain expenses incurred were taken in Statement of Comprehensive Income.

Results

	RM
Loss after tax	<u>10,190</u>

Dividends

No dividend was paid during the financial year and the Directors do not recommend any dividend to be paid for the financial year under review.

Reserves and Provisions

There were no material transfers to or from reserves or provisions except as disclosed in the financial statements.

Share Capital

The Company did not issue any new shares during the financial year under review.

Directors

The Directors who served since the date of last report are as follows:

Kiran Kumar Gandhirajan

Chinappa Muckatira Bhemaiah

Arun Suresh Chandavarkar

Fionnuala Doyle

(Appointed on 01.07.2020)

(Resigned on 01.07.2020)

(Appointed on 01.07.2020 ; Resigned on 25.02.2021)

Directors' Benefits

During and at the end of the current financial year, no arrangements subsisted to which the Company is a party, with the object or objects of enabling Directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

Since the end of previous financial year, no Director has received or become entitled to receive a benefit by reason of a contract made by the Company or a related corporation with the Director or with a firm of which the Director is a member, or with a company in which the Director has a substantial financial interest.

Directors' Interests

None of the directors in office at the end of the financial year held any interest in the shares of the Company during the financial year.

Directors' Interests in Ultimate Holding Company:- (Biocon Limited, incorporated in India)

	Balance at 01.04.2020	Bonus Issue	Number of ordinary shares		Balance at 31.03.2021
			Bought	Sold	
Direct Interest					
Kiran Kumar Gandhirajan	120,436	-	-	-	120,436

Directors' Interests in Intermediate Holding Company:- (Biocon Biologics Limited (formerly known as Biocon Biologics India Limited, incorporated in India)

	Balance at 01.04.2020	Bonus Issue	Restricted stock units		Balance at 31.03.2021
			Bought	Sold	
Direct Interest					
Chinappa Muckatira Bhemaiah	66,667	266,668	-	-	333,335

Directors' Remunerations

None of the directors or past directors of the Company have received any remunerations from the Company during the year.

Indemnifying Directors, Officers or Auditors

No indemnities have been given or insurance premiums paid, during or since the end of the year, for any person who is or has been the director, officer or auditor of the Company.

Other Statutory Information

Before the financial statements of the Company were prepared, the Directors took reasonable steps:

- (a) to ascertain that proper action had been taken in relation to the writing-off of bad debts and the making of provision for doubtful debts, and have satisfied themselves that all known bad debts had been written-off and the adequate provision had been made for doubtful debts; and

Other Statutory Information (Cont'd)

- (b) to ensure that any current assets which were unlikely to be realised in the ordinary course of business have been written down to their estimated realisable values.

As of the date of this report, the Directors are not aware of any circumstances:

- (a) which would render the amount written off for bad debts or the amount of the provision for doubtful debts inadequate to any substantial extent in the financial statement of the Company; or
- (b) which would render the values attributed to current assets in the financial statements of the Company misleading; or
- (c) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Company misleading or inappropriate; or
- (d) not otherwise dealt with in this report or financial statements which would render any amount stated in the financial statements of the Company misleading.

As of the date of this report, there does not exist:

- (a) any charge on the assets of the Company which has arisen since the end of the year and secures the liability of any other person; or
- (b) any contingent liability of the Company which has arisen since the end of the year.

No contingent or other liability has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the year which, in the opinion of the Directors, will or may substantially affect the ability of the Company to meet its obligations as and when they fall due.

In the opinion of the Directors:

- (a) the results of the operations of the Company during the year were not substantially affected by any item, transaction or event of material and unusual nature.
- (b) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the year and the date of this report which is likely to affect substantially the results of operations of the Company for the year in which this report is made.

Holding Company

The immediate holding company is Biocon Biologics UK Limited, a company incorporated in United Kingdom and the ultimate holding company is Biocon Limited, a company incorporated in India.

Auditors' Remuneration

The details of the auditors' remuneration are disclosed in Note 7 to the financial statements.

Auditors

The auditors, Messrs. NK Associates, have expressed their willingness to continue in office.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Biocon Biologics Healthcare Malaysia Sdn. Bhd., (Formerly known as Biocon Healthcare Sdn Bhd.)** which comprise the statement of financial position as at **31 March 2021**, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 9 to 20.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at **31 March 2021**, and of its financial performance and its cash flows for the year then ended in accordance with Malaysian Private Entities Reporting Standard and the requirements of the Companies Act, 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Company in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Information other than the Financial Statements and Auditors' Report Thereon

The directors of the Company are responsible for the other information. The other information comprises the Directors' Report but does not include the financial statements of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Company does not cover the Directors' Report and we do not express any form of assurance conclusion thereon.

Independent Auditors' Report

to the members of Biocon Biologics Healthcare Malaysia Sdn. Bhd.

(Formerly known as Biocon Healthcare Sdn. Bhd.)

(Registration No : 201701028413 (1242579-V)) (Cont'd)

(Incorporated in Malaysia)

Information other than the Financial Statements and Auditors' Report Thereon (Cont'd)

In connection with our audit of the financial statements of the Company, our responsibility is to read the Directors' Report and, in doing so, consider whether the Directors' Report is materially inconsistent with the financial statements of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the Directors' Report, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements of the Company that give a true and fair view in accordance with Malaysian Private Entities Reporting Standard and the requirements of the Companies Act, 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Company, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Auditors' Responsibilities for the Audit of the Financial Statements (Cont'd)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Company, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Matters

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act, 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

Notes to the Financial Statements

31st March 2021

1. General Information

The Company is a private limited company incorporated and domiciled in Malaysia.

The registered office of the Company is located at Unit D-3A-4, Level 4, Block D, SetiaWalk, Persiaran Wawasan, Pusat Bandar Puchong, 47160 Puchong, Selangor Darul Ehsan.

The Company is principally engaged in the business of trading in medical equipment and accessories. However, during the financial year the company did not earn but certain expenses incurred were taken in Statement of Comprehensive Income.

The immediate holding company is Biocon Biologics UK Limited, a company incorporated in United Kingdom and the ultimate holding company is Biocon Limited, a company incorporated in India.

The financial statements of the Company are presented in the functional currency, which is the currency of the primary economic environment in which the entity operates. The functional currency of the Company is Ringgit Malaysia as the sales and purchases are mainly denominated in Ringgit Malaysia and receipts from operations are usually retained in Ringgit Malaysia and funds from financing activities are generated in Ringgit Malaysia.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the Directors on

2. Significant Accounting Policies

The financial statements have been prepared in accordance with the Malaysian Private Entities Reporting Standard ("MPERS") and the requirements of the Companies Act, 2016 in Malaysia on going concern basis dependent upon the continuous financial support from shareholders. However, the Company's current liabilities exceeded its current assets by RM 63,866 and a capital deficit of RM 63,866 as at **31 March 2021**.

The financial statements have been prepared on the historical cost basis, except for the revaluation of certain assets and liabilities.

The principal accounting policies adopted are set out below:

2.1 Financial Assets

Financial assets are recognised in the statement of financial position when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, financial assets are measured at transaction price, include transaction costs for financial assets not measured at fair value through profit or loss, unless the arrangement constitutes, in effect, a financing transaction for the counterparty to the arrangement.

After initial recognition, financial assets are classified into one of three categories: financial assets measured at fair value through profit or loss, financial assets that are debt instruments measured at amortised cost, and financial assets that are equity instruments measured at cost less impairment.

2.1 Financial Assets (Cont'd)

(i) Financial Assets at Fair Value through Profit or Loss

Financial assets are classified as at fair value through profit or loss when the financial assets are within the scope of Section 12 of the MPERS or if the financial assets are publicly traded or their fair value can otherwise be measured reliably without undue cost or effort.

Changes in fair value are recognised in profit or loss. If a reliable measure of fair value is no longer available for an equity instrument that is not publicly traded but is measured at fair value through profit or loss, its fair value at the last date that instrument was reliably measurable is treated as the cost of the instrument, and it is measured at this cost amount less impairment until a reliable measure of fair value becomes available.

(ii) Financial Assets that are Debt Instruments measured at Amortised Cost

After initial recognition, debt instruments are measured at amortised cost using the effective interest method. Debt instruments that are classified as current assets are measured at the undiscounted amount of the cash or other consideration expected to be received.

Effective interest method is a method of calculating the amortised cost of financial assets and of allocating the interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimate future cash receipts through the expected life of the financial assets or, when appropriate, a shorter period, to the carrying amount of the financial assets.

(iii) Financial Assets that are Equity Instruments measured at Cost Less Impairment

Equity instruments that are not publicly traded and whose fair value cannot otherwise be measured reliably without undue cost or effort, and contracts linked to such instruments that, if exercised, will result in delivery of such instruments, are measured at cost less impairment.

(iv) Impairment of Financial Assets

At the end of each reporting period, the Company assesses whether there is any objective evidence that financial assets that are measured at cost or amortised cost, are impaired.

Objective evidence could include:

- significant financial difficulty of the issuer; or
- a breach of contract; or
- the lender granting to the borrower a concession that the lender would not otherwise consider; or
- it becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- observable data indicating that there is a measurable decrease in the estimated future cash flows from the financial assets since the initial recognition of those assets.

For certain category of financial assets, such as trade receivables, if it is determined that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, the assets are included in a group with similar credit risk characteristics and collectively assessed for impairment.

2.1 Financial Assets (Cont'd)

(iv) Impairment of Financial Assets (Cont'd)

Impairment losses, in respect of financial assets measured at amortised cost, are measured as the differences between the assets' carrying amounts and the present values of their estimated cash flows discounted at the assets' original effective interest rate.

If there is objective evidence that impairment losses have been incurred on financial assets measured at cost less impairment, the amount of impairment losses are measured as the difference between the asset's carrying amount and the best estimate of the amount that the Company would receive for the asset if it were to be sold at the reporting date.

The carrying amounts of the financial assets are reduced directly, except for the carrying amounts of trade receivables which are reduced through the use of an allowance account. Any impairment loss is recognised in profit or loss immediately. If, in subsequent period, the amount of an impairment loss decreases, the previously recognised impairment losses are reversed directly, except for the amounts related to trade receivables which are reversed to write back the amount previously provided in the allowance account. The reversal is recognised in profit or loss immediately.

(v) Derecognition of Financial Assets

Financial assets are derecognised when the contractual rights to the cash flows from the financial assets expire, or are settled, or the Company transfers to another party substantially all of the risks and rewards of ownership of the financial assets.

On derecognition of financial assets in their entirety, the differences between the carrying amounts and the sum of the consideration received and any cumulative gains or losses are recognised in profit or loss in the period of the transfer.

2.2 Cash and Cash Equivalents

Cash and cash equivalents in the statement of cash flows comprise cash and bank balances, short-term bank deposits and other short-term, highly liquid investments that have a short maturity of three months or less from the date of acquisition, net of bank overdrafts (if any).

2.3 Liabilities and Equity

(i) Classification of Liabilities and Equity

Financial liabilities and equity instruments are classified in accordance with the substance of the contractual arrangement, not merely its legal form, and in accordance with the definitions of a financial liability and an equity instrument.

2.3 Liabilities and Equity (Cont'd)

(ii) Equity Instruments

Ordinary shares are classified as equity.

Equity instruments are any contracts that evidence a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company, other than those issued as part of a business combination or those accounted for in paragraph 22.15A to 22.15B, are measured at the fair value of the cash or other resources received or receivable, net of transaction costs. If payment is deferred and the time value of money is material, the initial measurement shall be on a present value basis.

The Company accounts for the transaction costs of an equity as a deduction from equity. Income tax relating to the transaction costs is accounted for in accordance with Section 29 of the MPERS.

Distributions to owners are deducted from the equity. Related income tax is accounted for in accordance with Section 29 of the MPERS.

2.4 Financial Liabilities

Financial liabilities are recognised in the statement of financial position when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, financial liabilities are measured at transaction price, include transaction costs for financial liabilities not measured at fair value through profit or loss, unless the arrangement constitutes, in effect, a financing transaction for the Company to the arrangement.

After initial recognition, financial liabilities are classified into one of three categories: financial liabilities measured at fair value through profit or loss, financial liabilities measured at amortised cost, or loan commitments measured at cost less impairment.

(i) Financial Liabilities measured at Fair Value through Profit or Loss

Financial liabilities are classified as at fair value through profit or loss when the financial liabilities are within the scope of Section 12 of the MPERS or if the financial liabilities are publicly traded or their fair value can otherwise be measured reliably without undue cost or effort.

If a reliable measure of fair value is no longer available for an equity instrument that is not publicly traded but is measured at fair value through profit or loss, its fair value at the last date that instrument was reliably measurable is treated as the cost of the instrument, and it is measured at this cost amount less impairment until a reliable measure of fair value becomes available.

(ii) Financial Liabilities measured at Amortised Cost

After initial recognition, financial liabilities other than financial liabilities at fair value through profit or loss are measured at amortised cost using the effective interest method. Gains or losses are recognised in profit or loss when the financial liabilities are derecognised or impaired.

Effective interest method is a method of calculating the amortised cost of financial liabilities and of allocating the interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimate future cash payments through the expected life of the financial liabilities or, when appropriate, a shorter period, to the carrying amount of the financial liabilities.

2.4 Financial Liabilities (Cont'd)

(iii) Loan Commitments measured at Cost Less Impairment

Commitments to receive loan that meet the conditions of Section 11 of the MPERS are measured at cost less impairment.

(iv) Derecognition of Financial Liabilities

Financial liabilities are derecognised when the obligation specified in the contract is discharged, cancelled or expires.

Any difference between the carrying amounts of the financial liabilities derecognised and the consideration paid is recognised in profit or loss.

2.5 Revenue

Revenue from sales of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer. Revenue is measured at the fair value of the consideration received or receivable, net of discounts and taxes applicable to the revenue. The company did not earn any revenue during the year.

2.6 Employment Benefits

(i) Short-Term Employment Benefits

Short-term employment benefits, such as wages, salaries and other benefits, are recognised at the undiscounted amount as a liability and an expense when the employees have rendered services to the Company.

The expected cost of accumulating compensated absences are recognised when the employees render services that increase their entitlement to future compensated absences. The expected cost of non-accumulating compensated absences, such as sick and medical leaves, are recognised when the absences occur.

The expected cost of accumulating compensated absences are measured at the undiscounted additional amount expected to be paid as a result of the unused entitlement that has accumulated at the end of the reporting period.

The expected cost of profit-sharing and bonus payments are recognised when the Company has a present legal or constructive obligation to make such payments as a result of past events and a reliable estimate of the obligation can be made. A present obligation exists when the Company has no realistic alternative but to make the payments.

(ii) Defined Contribution Plan

Contributions payable to the defined contribution plan are recognised as a liability and an expense when the employees have rendered services to the Company. As required by law, the Company make such contributions to the Employees' Provident Fund (EPF).

2.7 **Income Tax**

Tax expense is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised in other comprehensive income.

Tax payable on taxable profit for current and past periods is recognised as a current tax liability to the extent unpaid. If the amount paid in respect of the current and past periods exceeds the amount payable for those periods, the excess is recognised as a current tax asset.

Current tax assets and liabilities are measured at the amounts expected to be paid or recovered, using the tax rates and laws that have been enacted or substantially enacted by the reporting date.

Current tax liabilities and assets are offset if, and only if the Company has a legally enforceable right to set off the amounts and plan either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax is provided in full on temporary differences which are the differences between the carrying amounts in the financial statements and the corresponding tax base of an asset or liability at the end of the reporting period.

Deferred tax liabilities are recognised for all taxable temporary differences that are expected to increase taxable profit in the future. Deferred tax assets are recognised for all deductible temporary differences that are expected to reduce taxable profit in the future and the carry forward of unused tax losses and unused tax credits.

Deferred tax liabilities and assets are not recognised in respect of the temporary differences associated with the initial recognition of an asset or a liability in a transaction that is not a business combination and at the time of the transactions, affects neither accounting profit nor taxable profit. Deferred tax liabilities are also not recognised for temporary difference associated with the initial recognition of goodwill.

Deferred tax liabilities and assets reflect the tax consequences that would follow from the manner in which the Company expects to recover or settle the carrying amounts of their assets and liabilities and are measured at the tax rates and laws that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantially enacted by the reporting date.

3. **Critical Judgements and Estimation Uncertainty**

3.1 **Critical Judgements Made in Applying Accounting Policies**

There are no judgements made by management in the process of applying the accounting policies of the Company.

3.2 **Key Sources of Estimation Uncertainty**

There are no key assumptions concerning the future and other key sources of estimation uncertainty at the end of each reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

4. **Share Capital**

Company	Number of shares		2021 RM	2020 RM
	2021 Units	2020 Units		
Issued and fully paid:				
At beginning of the year	2,000,000	1,500,000	2,000,000	1,500,000
Issued during the year	-	500,000	-	500,000
At end of the year	<u>2,000,000</u>	<u>2,000,000</u>	<u>2,000,000</u>	<u>2,000,000</u>

5. **Amount Due To Related Parties**

This amount is unsecured, interest-free and repayable upon demand.

6. **Staff Costs**

	2021 RM	2020 RM
Salaries, allowances and bonus	-	338,412
